Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

My sole purpose in using wireless service is to insure my safty when I travel. To impose this surcharge on everyone that uses wireless is quite unfair. The total sum in the last year that I have own my prepaid TracFone is zero. The fact that I have it if I need it is why I chose this type of service. To impose this type of charge on users like myself is really pretty greedy . Don'y you think?????????????

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Debby Holmes
